

**FORESCOLOR**

# FORESCOLOR

FORESCOLOR is Engineered Wood with unique colour and textures.  
Its natural appearance and consistent colour distributed throughout,  
allows various solutions in design concept, for enclosed interior space.

ADD MORE COLOUR TO YOUR LIFE

EN

FORESCOLOR is a coloured throughout wood fibre board. Its natural appearance and consistent colour allow various solutions in design concept, for enclosed interior space.

PT

FORESCOLOR é um painel de fibras de madeira de pinho com cor em toda a espessura. A sua aparência natural e cor consistente permite criar múltiplas soluções de design, para diversas aplicações em espaços interiores.

FR

FORESCOLOR est un panneau de fibres de bois coloré dans la masse.

ES

FORESCOLOR es una madera de ingeniería de nuevo concepto, cuyos únicos colores y texturas nos permiten construir(space missing between words) las originales y creativas expresiones del espacio.

DE

FORESCOLOR ist eine durchgefärbte Holzfaserplatte.

IT

FORESCOLOR è un pannello in fibre di legno, colorato in tutta la sua massa.

## PRODUCT RANGE

1,220mmX2,440mm ■ 1,830mmX2,440mm ■ 1,220mmX3,050mm

Thickness (mm)

	5	8	9	12	15	16	18	19
BLACK	5	8	9	12	15	16	18	19
GREY	5	8	9	12	15	16	18	19
LIGHT GREY	5	8	9	12	15	16	18	19
BROWN	5	8	9			16	18	19
BLUE	5	8	9			16	18	19
GREEN	5	8	9			16	18	19
RED	5	8	9			16	18	19
ORANGE	5	8	9			16	18	19
YELLOW	5	8	9			16	18	19

\* Boards can present colour variations due to the wood's natural changes of tone and to the use of organic dyes only.

\* The tone of the surface may get darker with a finishing applied.(varnish, oil, wax)

## Advantage

Moisture Resistant

**EN** Presents a high moisture resistance due to the high content of melamine in its resin. It can be used in kitchens and bathrooms, with the correct finishing.

**PT** Possui uma elevada resistência a humidade devido a resina melamínica existente na sua composição. Pode ser utilizado em cozinhas e casas de banho, sempre devidamente acabado.

**FR** Présente une haute résistance a l'humidité due a la teneur élevée en melamine dans sa résine incorporee. Il peut être utilisé dans les cuisines et salles de bains, avec la finition correcte.

**ES** Presenta una alta resistencia a la humedad debido al alto contenido de melamina en su resina incorporada. Se puede utilizar en cocinas y banos, con el acabado correcto.

**DE** Erhält eine hohe Feuchtigkeitsbeständigkeit aufgrund des hohen Gehalts an Melamin in seinem Harz. Es kann in Küchen und Bädern verwendet werden, mit dem richtigen Finishing.

**IT** Ha un'elevata resistenza all'umidità a causa dell'elevato contenuto di melamina nella sua resina utilizzata. Può essere utilizzato in cucine e bagni, con la corretta finitura.

Non Toxic

**EN** Classified E0 in terms of formaldehyde emission (desiccator method), according to Korean standards. Produced with organic dyes.

**PT** É classificado E0 quanto à emissão de formaldeído (método do exsicador), de acordo com as normas coreanas. Produzido com corantes orgânicos.

**FR** Classé E0 en termes d'émission de formaldéhyde (méthode du dessiccateur), selon les normes coréennes. Produit avec des colorants organiques.

**ES** Clasificado E0 en términos de emisión de formaldehído (método del desecador), según las Normas Coreanas. Producido con colorantes orgánicos.

**DE** Klassifiziert E0 in Form von Formaldehyd-Emission (Exsikkator-Methode), nach koreanischen Standards. Produziert mit organischen Farbstoffen.

**IT** Classificato E0 in termini di emissione di formaldeide (metodo esiccatore), secondo gli standard coreani. Prodotto con coloranti organici.

Color Throughout

**EN** Coloured from surface to all the way through.

**PT** Colorido em toda a espessura.

**FR** Teinté dans la masse.

**ES** Colorido en todo su espesor.

**DE** Vollständig durchgefärbt.

**IT** Colorato in tutta la sua massa.

Tool Friendly

**EN** Due to its excellent density profile and high melamine content of resin used, there is little or no sanding required after machining.

**PT** Devido ao seu excelente perfil de densidade e elevado teor de melamina da resina utilizada, requer pouca ou nenhuma lixagem após fresagem.

**FR** En raison de son excellent profil de densité et de sa teneur élevée en mélamine de la résine utilisée, il y a peu ou pas de ponçage requis après l'usinage.

**ES** Debido a su excelente perfil de densidad y alto contenido de melamina en la resina utilizada, se requiere poco o ningún lijado después del mecanizado.

**DE** Aufgrund des hervorragenden Dichteprofiles und des hohen Melamingehaltes des verwendeten Harzes ist nach der Bearbeitung wenig oder kein Schleifen erforderlich.

**IT** A causa del suo eccellente profilo di densità e dell'elevato contenuto di melamina della resina utilizzata, dopo la lavorazione è necessaria una piccola o nessuna levigatura.

Flame Retardant

**EN** Flame Retardant available by request (Class B-s2,d0).

**PT** Resistente ao Fogo disponível sob pedido (Classe B-s2,d0).

**FR** Ignifuge sur demande (Classe B-s2,d0).

**ES** Ignífugo a solicitud (Clase B-s2,d0).

**DE** Flammschutzmittel lieferbar nach Kundenanfrage (Klasse B-s2,d0).

**IT** Ignifugo disponibile su richiesta (classe B-s2, d0).

No Added Formaldehyde

**EN** Produced with resins free of formaldehyde by request.

**PT** Produzido com resinas isentas de formaldeído sob pedido.

**FR** Produit avec des résines exemptes de formaldéhyde sur demande.

**ES** Producido con resinas sin formaldehído a solicitud.

**DE** Produziert mit Formaldehyd-Freien auf Anfrage.

**IT** Prodotto con resine prive di formaldeide su richiesta.

Pre-Coated

**EN** Pre-coated product, with a water based finish, to increase resistance, available by request.

**PT** Produto pré-acabado, com acabamento à base de água, para aumentar a resistência, disponível sob pedido.

**FR** Produit pré-enduit, avec une finition à base d'eau, pour augmenter la résistance, disponible sur demande.

**ES** Producto pre-revestido, con un acabado a base de agua, para aumentar la resistencia, disponible bajo petición.

**DE** Vorbeschichtetes Produkt, mit wasserbasiertem Finish, um den Widerstand zu erhöhen, auf Anfrage erhältlich.

**IT** Prodotto pre-rivestito, con finitura ad acqua, per aumentare la resistenza, disponibile su richiesta.
