A STUNNING SKYLIGHT WITH
MAXIMUM DAYLIGHT – FOR
ALL FLAT ROOFS

Flood your indoors with natural light with your bespoke rooflight

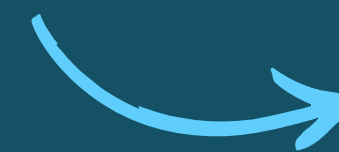

No visible edge profiles

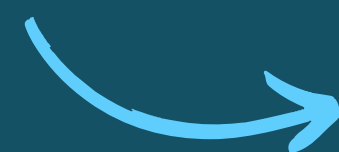

Range of glazing and finishing options

Easy to install

100% watertight and windproof

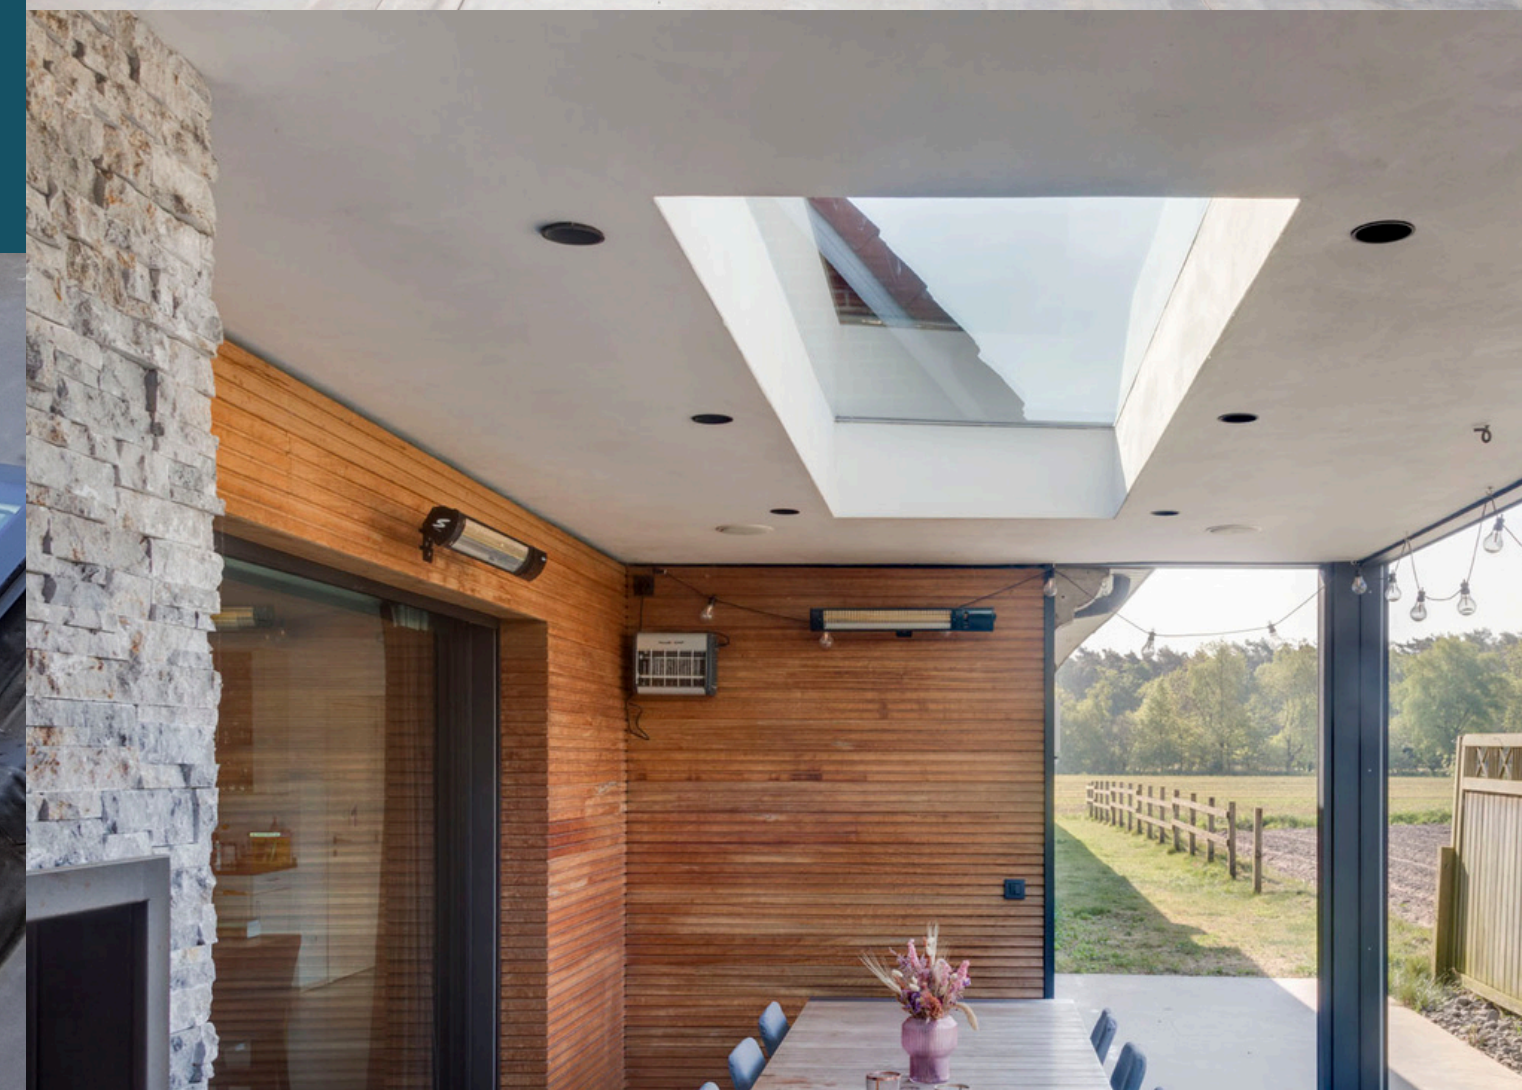

High insulating performance

Fully customised and accurate to the millimetre

We can supply frame sizes up to 1400 × 5500 mm for a skylight with a single pane

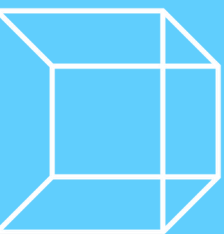

Your advantage

Our skylight...
Is easy to install

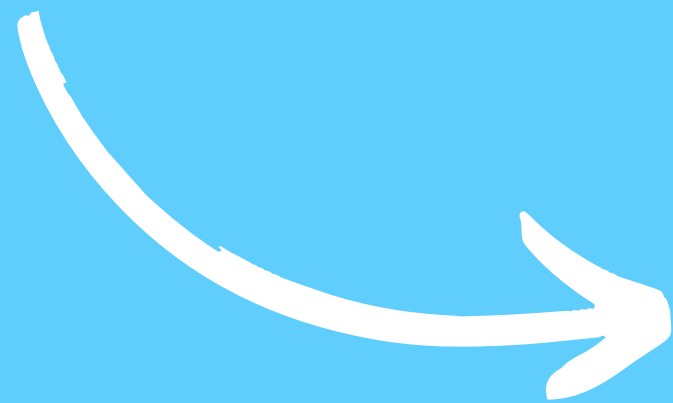

Our skylights saves time...

- Since the skylight is ready to install, you save on installation time.
- That way, you'll be ready to move onto the next customer even faster!

We deliver a fully finished, easy to install rooflight. No messing around with loose parts.

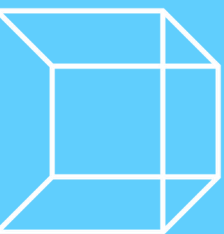

Your advantage

We bond the glass structurally in carefully controlled conditions, so that we can guarantee our skylights are 100% watertight and windproof.

No more worrying about water ingress or draughts.

**100% watertight
and windproof**

We enjoy the trust of
over 500
professionals

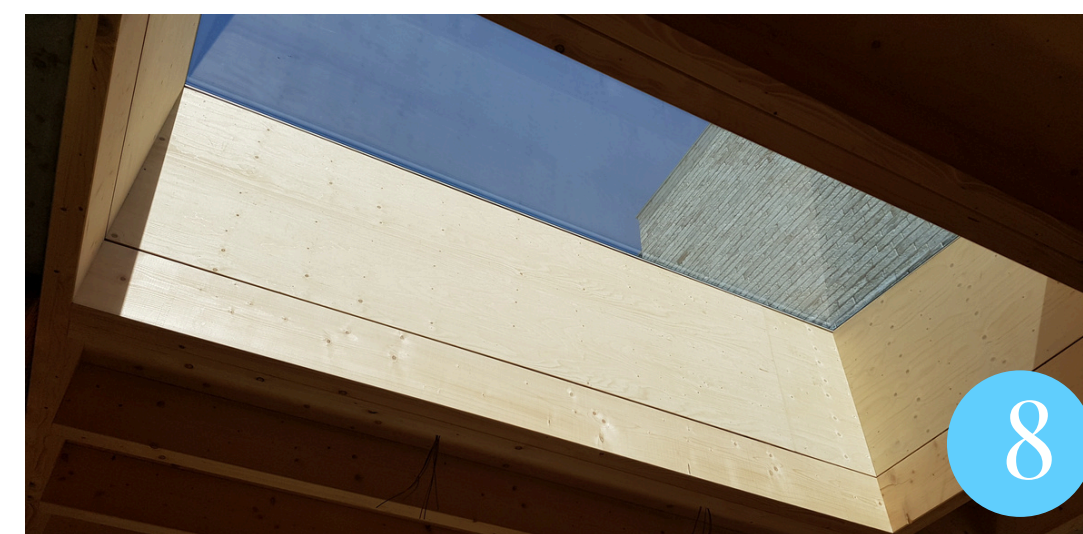

Easy to install

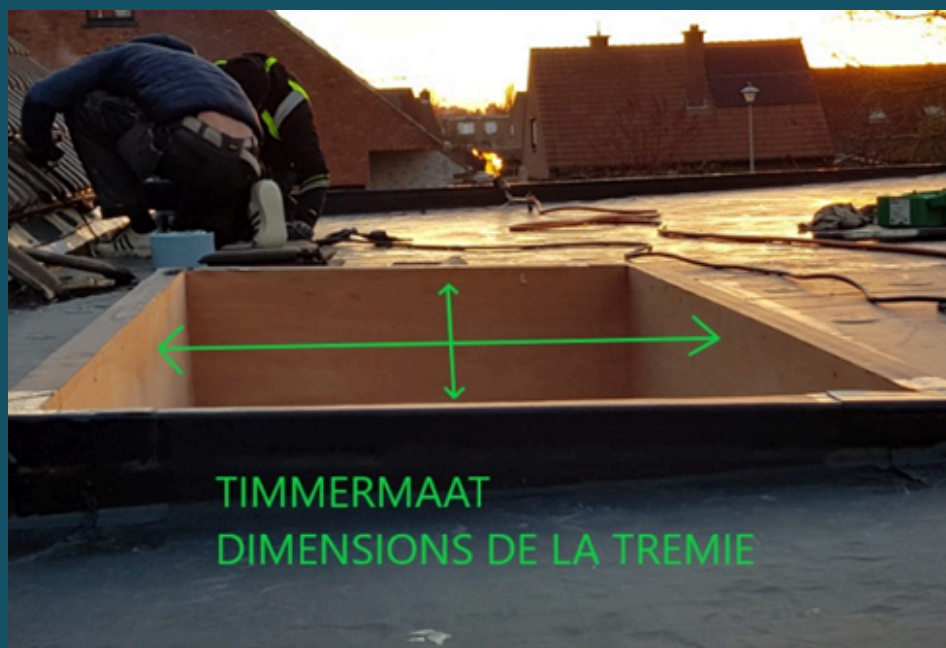

It can be that simple

What do I need
to measure?

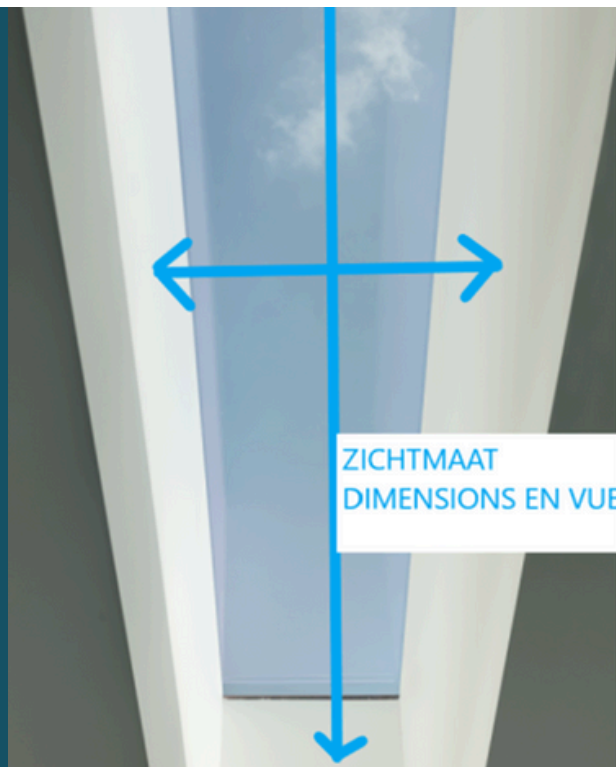

FRAME DIMENSIONS

The timber frame dimensions are the length and width inside the rooftop curb (beam structure or aerated concrete).

INTERIOR FINISH

The width for the interior finish is what you need to finish off your DakRaem so it looks good from the inside. By default, DakRaem uses 50 mm on each side. You can specify less than that, but 50 mm is the maximum.

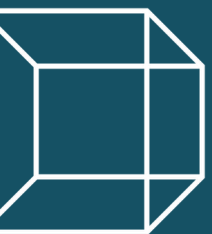

VISIBLE AREA

The visible area is what you'll see after the interior finish.

Easy to put on
the roof

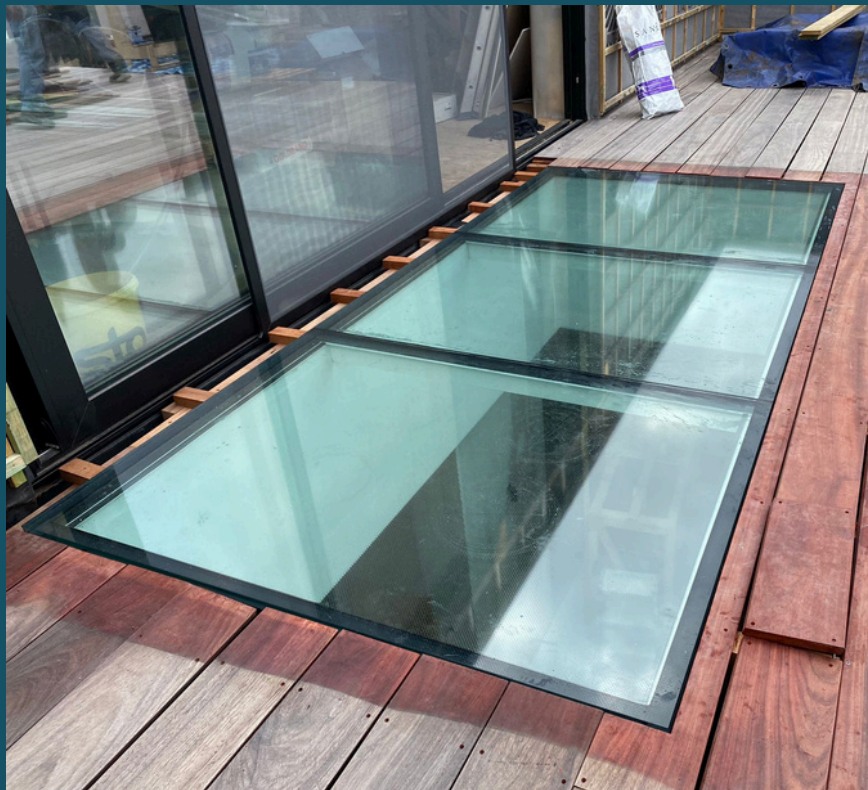

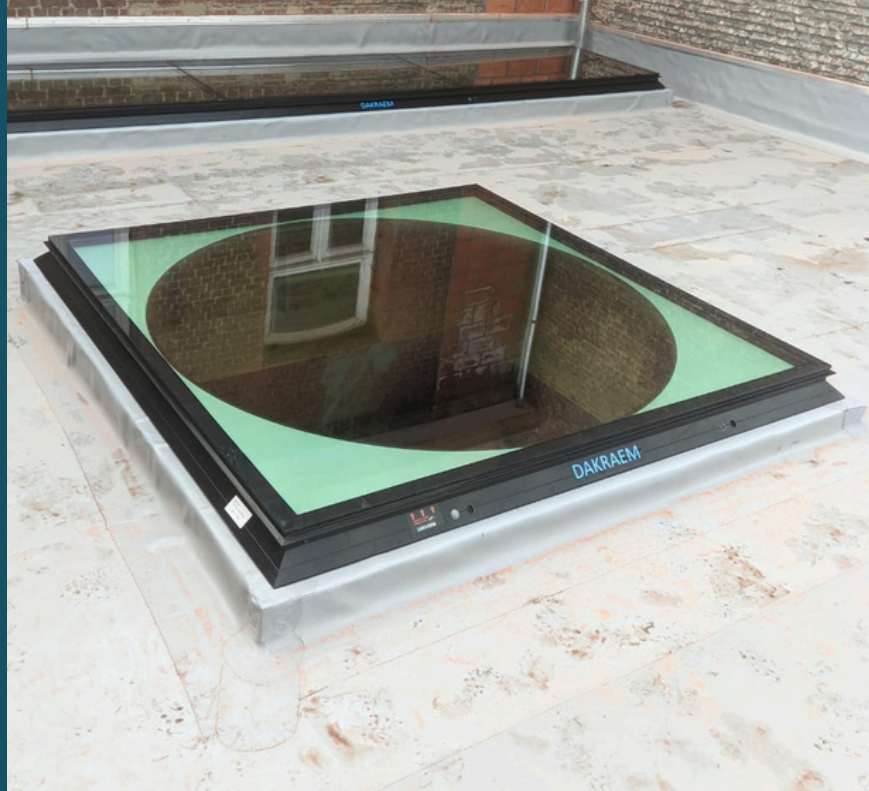

We also make
round skylights and
skylights with
walkable glass

IT'S NOT JUST INSTALLING THE SKYLIGHT THAT'S EASY - GETTING YOUR QUOTE IS AS SIMPLE AS A, B, C TOO! IT GOES LIKE THIS:

REQUEST A QUOTE

Request a quote, so that you can include a skylight in your budget. You'll be sent the quote by email within one working day, along with full technical specifications.

STRAIGHT INTO PRODUCTION

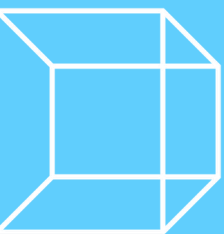

Happy with our quote? Production can start straight away. We'll deliver the skylight within 6-7 weeks.

FLEXIBLE DELIVERY

As soon as the glass has arrived at our workshop, we'll get in touch with you to arrange a delivery time and place that suits you. Are your plans in flux? Not to worry! We can always arrange a different date.

Choose simplicity
and convenience

Choose Dakraem

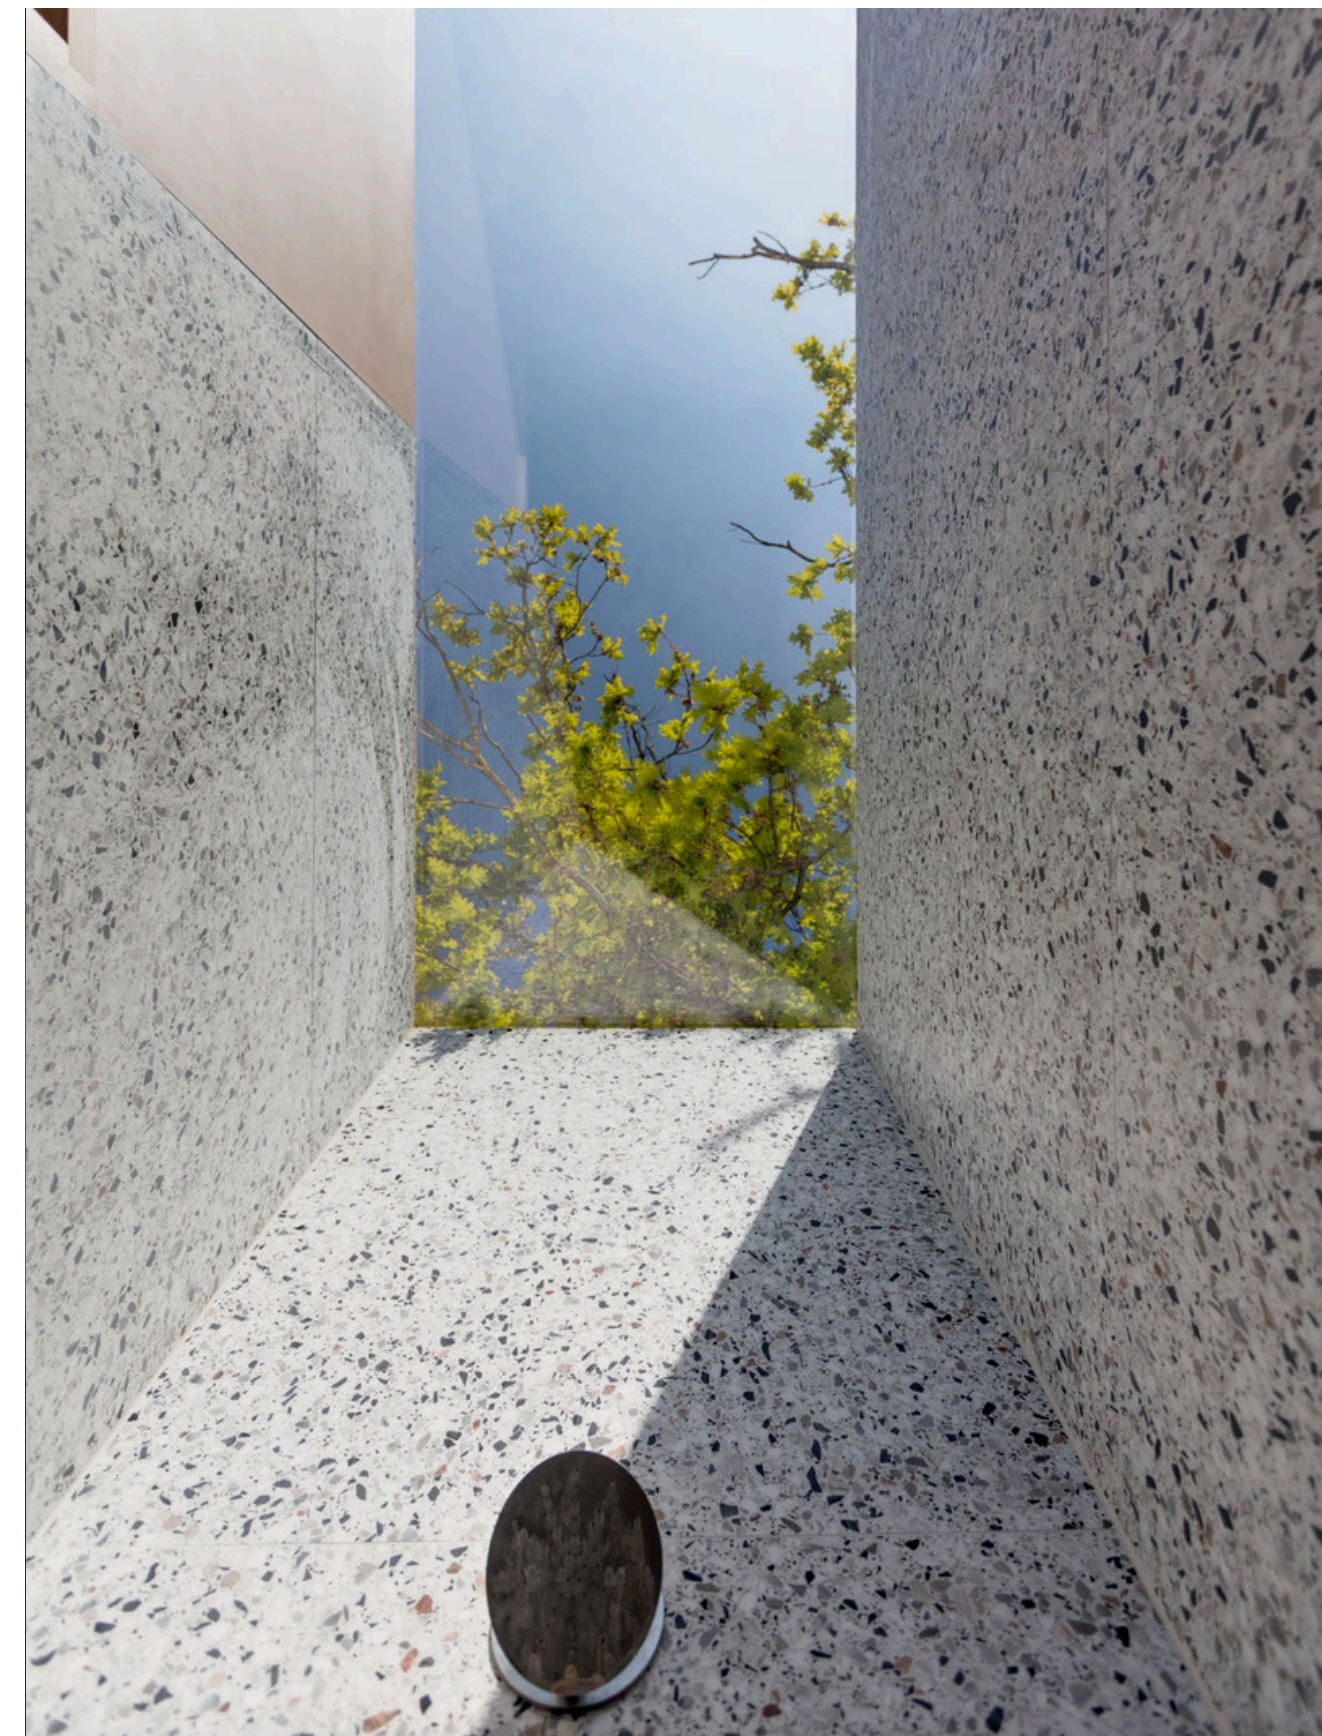

Dakraem, a company with a strong family culture

We are a family business founded in 2002.

In 2018, we started producing our own skylights.

“With over 20 years of experience working with windows and aluminium frames, we knew exactly what the sticking points of traditional systems were. We have developed a reliable product that combines high quality with superb aesthetics.”

They are products that lighten your life and make you shine.
