In response to your request for certification or declaration of the active ventilation deflector type AVD and affixing the CE marking, I would like to inform you that the active ventilation deflector type AVD has the customs declaration code 7326906000, which is "non-mechanical fans, gutters, hooks and similar products used in the construction industry", and is not subject to any European Union Directive and, therefore, is not subject to declaration or CE marking.

Sincerely  
Deputy Director of Quality

Yevhen Koveha
